Thank You to Our

Host & Sponsor

Vaco by Highspring

5501 Virginia Way, Suite 120 · Brentwood, TN

Thank you for the space, refreshments, and community support!

What is MC-DUG?

Music City Data User Group

Nashville's community for data professionals focused on SQL Server & the Microsoft Data Platform.

Who it's for: DBAs · Developers · Data Engineers · Analysts · Architects · Anyone learning data

Topics: SQL Server & Azure SQL · T-SQL & Performance · PowerShell & Automation · Data Engineering & Warehousing · Career Growth

Come for the data. Stay for the community.

Meet the Organizers

Jason Romans — Lead Organizer

Microsoft MVP based in Nashville, focused on Microsoft Fabric, Power BI & data modeling.

Blog: datashepherd.dev (The Data Shepherd)

Kevin Kline — Co-Organizer

Microsoft Data Platform MVP for 20+ years; Founder & former President of PASS.

Also known for: Co-author, SQL in a Nutshell (O'Reilly)

Two organizers. One growing Nashville data community.

Code of Conduct

We're all here to learn and grow together.

Please keep things:

- **Respectful** — treat everyone with courtesy
- **Professional** — keep discussions constructive
- **Inclusive** — everyone belongs here
- **No spam or solicitation**

Full Code of Conduct: **conduct.musiccitydata.org**

Where to Find Us

- **Our Home**

  musiccitydata.org (redirects to Meetup)

- **Join on Meetup**

  meetup.com/music-city-data-user-group

- **Want to Speak?**

  sessionize.com/musiccitydata

- **Contact**

  organizers@musiccitydata.org

Stay Connected

- **Meetup** — The main place for upcoming meetings & activities
  Check Meetup for the next session, RSVPs, and announcements

- **Email** — Reach the organizers anytime
  organizers@musiccitydata.org

- **GitHub** —
  Mainly for slides: **slides.musiccitydata.org**

Get the Slides

slides.musiccitydata.org

Hosted on **GitHub**

Presentation decks may be available if not hosted by speaker

All slides are open and freely available

New Speakers Welcome!

Interested in presenting but haven't done it before? We'd love to help you get started. Here are some easy ways to ease in:

- **Lightning Talks** — 5–10 minutes on a tip, tool, or lesson learned
- **Short Session Before the Main Talk** — A 15–20 min opener to warm up the room
- **Full Presentation** — When you're ready for the full stage

No experience needed — just a willingness to share! Submit at sessionize.com/musiccitydata

Next Meeting – Tuesday, Nov 3

Speaker to be announced

Topic coming soon

Tuesday, November 3, 2026

Vaco by Highspring · Brentwood, TN

RSVP at musiccitydata.org once listed

Our Meeting Cadence
